PROFICIENCIE

I am a results-driven Front-End Developer with over 8+ months of hands-on experience in designing, developing, and optimizing web applications specifically for CRM and education industry projects. I excel in creating responsive, user-focused single-page applications with modern technologies such as MUI, React, and JavaScript. My proficiency in Agile methodologies and the SDLC ensures that I deliver scalable, high-performance solutions efficiently.

EXPERIENCE

Front End Developer

Login360

📅 06/2024 - Present 📍 Velachery, Chennai

Project Details: CRM (Custmer Relationship Management)
Duration: July 2024 to Present
Role: Developer
Tools/Applications: React JS, MUI

A web development company focusing on responsive applications.

- Developed and maintained a responsive single-page application (SPA) for the CRM platform.
- Defined business objectives and project scope, collaborated on design and development approaches.
- Developed single-page responsive Web UI using HTML, ReactJS, MUI, CSS, JavaScript, and SASS.
- Ensured cross-browser compatibility and seamless user experience across devices.
- Leveraged React JS, React Hooks, Redux, and React Router to create a dynamic, interactive web interface.
- Customized CSS frameworks like MUI to adhere to the project's unique design rules.
- Maintained state and props using React.js, implemented Functional Driven JavaScript, and optimized performance.
- Created custom filters and controllers, consumed APIs, and conducted Snapshot testing.
- Implemented routing and navigation using React-Router.
- Collaborated closely with backend developers to ensure efficient integration of APIs.
- Designed mobile-responsive web pages and contributed to every phase of the product development lifecycle.
- Prepared daily status reports and monthly metrics for project overview.

Front End Developer

Login360

📅 10/2024 - Present 📍 Velachery, Chennai

Project Details: PMS (Project Management System)
Duration: Oct 2024 to Present
Role: Developer
Tools/Applications: React JS, MUI

Scalable and user-friendly application, improving user engagement and system performance.

- Designed and implemented responsive web interfaces using React.js, MUI, and SASS, ensuring cross-browser compatibility and mobile responsiveness.
- Utilized React Hooks, Redux, and React Router for efficient state management and dynamic navigation.
- Collaborated with backend developers to integrate APIs, enabling smooth data exchange and functionality.
- Created reusable, high-quality components using MUI and custom filters to enhance maintainability and scalability.
- Debugging, performance testing, and quality assurance to optimize application reliability and speed.
- Prepared daily status reports and monthly metrics to provide project updates and ensure alignment with business objectives.

Quality Supervisor

Panasonic Carbon Ind co. Ltd

📅 12/2019 - 11/2022 📍 Tada

A company involved in the petroleum coke and gouging industries.

- Ensured product quality through inspection processes.
- Proficient in project planning and day-to-day operations management.
- Adept at leading teams and maintaining high standards of product quality.

SKILLS

MUI · Agile Methodology · apis · CRUD · AppDynamics · Jest · Axios · Webpack · Creative Problem Solver · PMS · CRM · CSS · Debugging · ES6 · figma · Firebase · Front-end · Git · Github · HTML · Debug · Javascript · Mathematics · ms-excel · ms-word · node · node.js · eslint config · Performance Testing · Postman · powerpoint · Bootstrap · Quality Assurance · React Hooks · Reactjs · React Router · react.js · Redux · Responsive Web · responsive web design · Routing · SASS · SDLC · SPA · VS code

KEY ACHIEVEMENTS

⭐ **Enhanced Application Efficiency**
Improved application performance by 30% using state management.

⚡ **Optimized Page Load**
Reduced page load time by 2 seconds by optimizing React code.

💡 **Developed Reusable Components**
Developed reusable components for improved application structure.

💙 **Boosted User Engagement**
Increased user engagement by 25% through UI enhancements.

PROJECTS

My Portfolio app

🔗 https://ravi07t.github.io/Ravi-Portfolio/

Portfolio app highlighting skills and experiences in web development.

- This is a showcase of my journey as a web developer, highlighting my skills, projects, and experiences.

Courier delivery app

🔗 https://ravi07t.github.io/Courier-delivery-app/

Courier box delivery app showcasing responsive design.

- Developed and implemented a responsive courier web application using HTML, CSS, incorporating CSS animations to improve user engagement and optimize cross-device functionality.

Bookstore app

🔗 https://ravi07t.github.io/Book-store-app/

Bookstore app designed for usability and responsiveness.

- Designed and developed a user-friendly, responsive bookstore app, demonstrating expertise in creating engaging digital experiences.
